

**Addiction & the Family International Network (AFINet):
1st International Conference,
Friday 9th to Sunday 11th November 2018
Newcastle upon Tyne, UK**

You are very welcome to the first AFINet International Conference, we hope you find the conference enjoyable and stimulating! So that the whole conference can benefit from everyone's presentations, the AFINet Conference organising committee decided against breaking up into parallel sessions. We also wanted to make sure that enough time was left for discussion, debate, networking and planning. As a consequence, each presenter has only been given 10 minutes to make their presentation.
